

KPME Board

KHR Board Role

The KHR Board is a group of senior project representatives appointed by participating institutions. The role of the board is to develop and maintain oversight of project goals and conduct. The Board sets general strategy and makes critical project decisions.

The KHR Board Chair is the primary contact in the Board to the project staff through the Project Manager. The Board chair is the principal representative of the board to the higher education community at large. The Board Chair is responsible for Board conferences, meetings and proceedings.
