Functional Team Roles

Business Analyst (BA)

Subject Matter Expert (SME)

User Experience (UX)

Team Lead

Technical Team Roles

Onboarding Sequence - Should you get lost in the orientation sea, refer to this document for a general sense of the onboarding process.

Training Events - Includes links to discrete training events, complete with recordings and any written material from the event.

Kuali Student Tools Walkthrough - Setup the tools you need to do your job, then take a tour of each tool. Includes interactive games!

General Knowledge - Includes Kuali Foundation and Kuali Student Overviews. Great place to start for a general understanding of the project.

Suggested Activities - A collection of activities that are helpful for new team members to try as they get started on the project.

Kuali Student Training Curriculum - A collection of learning objectives for onboarding as a benchmark for new team members' training experiences.
